Dai Fujimura (artist) and Ajikatan (poet) are an artist pair who use various elements such as photography, poetry, ceramics, and video, to express "proof of living" as it is. "No matter what, there is hope itself." The party is in the whirlwind of information. On your computer or smartphone, in a convenience store, on the beach, or in meditation. FF can be something of yours. It's all out there. Embrace the 2020s.

Born 1986 in Kyoto, Japan (Dai Fujimura)

ケーキのろうそく吹き消すと残る気配
Signs that remain when the candles on the cake are blown out

喜怒哀楽に溺れよう
Let's drown in human emotions
